Project Progress & Status Report

1. Project Information

Company Name	AadhyaRaj Technologies
Project Name	Human Resource Management System (HRMS)
Reporting Day	23 rd September 2026
Employee Name	Rachupalli Jyothika

Work Completed Today:

- Completed the **complete connection and flow of the Documents module** across the existing pages and roles.
- Removed the **Delete** button from the Employee page so employees cannot delete documents from their page.
- Removed the **Expiry Date action/button** from the Employee page.
- Created the new **Document Insights** feature.
- Added **Open Insights / Show Insights** functionality.
- Added compliance information inside Insights, including:
 - Overall document compliance
 - Missing documents
 - Valid documents
 - Expiring documents
 - Expired documents
- Connected the **Request Documents from Employees** flow.
- Connected the employee side so requested documents can be uploaded and completed.
- Connected the **Company Document Request** flow, allowing employees to request company-issued documents.
- Worked on the **document expiry-date handling** and identified the date-entry issue .

The screenshot displays the 'Documents' module in the Aadhyaraj HRMS. The sidebar on the left contains navigation links: Dashboard, My Tickets, Tickets, Attendance, Leave, Calendar, Performance, Payroll, Documents (active), My Profile, and Reports & Analytics. The main content area shows a 'Welcome back, Geetha' message and a 'Documents' header. Below the header, there's a sub-header 'Uploaded employee records, compliance files, and assigned company assets.' The 'Document Insights' section for 'Geetha Balachandran' provides a summary of document compliance: Overall compliance is 0%, there are 5 missing documents, 0 valid documents, 0 expiring soon documents, and 0 expired documents. A 'Request missing documents' button is present. At the top right, there are buttons for 'Raise Ticket', 'Check In', and a user profile icon. Below the header, there are buttons for 'Request document' and 'Upload document'.

Plan for Next Week:

- I will be working on org chat module.
